GOLD SAPPHIRE?

## VISION

To be a trusted household name that delivers purity, nutrition, and excellence through every grain – enriching lives and supporting sustainable growth for generations across the globe."

## MISSION

Our mission is to deliver pure and high-quality grains, flours, and cattle feed with a promise of health, trust, and sustainability. We strive to support farmers, preserve natural goodness, and bring authentic nutrition to every home.

# TECHNOLOGY BEHIND GOLD SAPPHIRE

Gold Sapphire is crafted with a perfect synergy of modern technology and traditional milling expertise, guaranteeing consistent quality at scale.

- State-of-the-Art Roller Mills & Chakkis – Ensure uniform grain size, superior whiteness, and perfect texture.
- Multi-Stage Cleaning & Grading – Removes all impurities for 100% pure wheat processing.
- Precision Moisture Control – Maintains ideal levels for longer shelf life and better cooking results.
- Automated, Touch-Free Packaging – Hygienic packing lines keep products fresh and contamination-free.
- Stringent Quality Assurance – Every batch is tested for gluten strength, ash content, and consistency before dispatch.

# Advanced Packing Solution

At Gold Sapphire, we believe freshness is everything. That's why our packing solutions are designed to protect your product end to end by

## Hygienic, Touch-Free Packing

Fully automated systems ensure zero human contact, keeping every pack contamination-free.

## Consistent Quality

Our packing lines are calibrated for uniform weight and perfect sealing, every single time.

## Laminated, Multi-Layer Pouches

Lock in aroma, freshness, and nutrition while preventing moisture and insects.

## Durable Bulk Bags

For commercial buyers, heavy-duty 30kg, 45kg, and 50kg bags ensure safe transport and longer shelf life.

Gold Sapphire stands for purity, trust, and excellence – delivering the finest flour products for homes and businesses.

Years of expertise in flour manufacturing.

## Retail Packs

### Gold Sapphire Maida (½ kg | 1 kg)

Experience the silken touch of purity with Gold Sapphire Maida. Milled from the finest wheat, it delivers brilliant whiteness, unmatched softness, and a velvety texture. Perfect for cakes, pastries, biscuits, samosas, naan, and parathas. Every pack seals in freshness, hygiene, and trust.

### Gold Sapphire Sooji (½ kg | 1 kg)

Bring home the golden goodness of Gold Sapphire Sooji. Its uniform grain size, natural aroma, and fresh texture make it the ideal choice for upma, halwa, dhokla, and snacks. Taste tradition, every single time.

### Gold Sapphire Chakki Atta (1 kg | 5 kg | 10 kg)

Stone-ground the traditional way, Gold Sapphire Chakki Atta preserves the natural aroma, fiber, and nutrition of wheat. Rotis stay soft longer, parathas turn out flaky, and pooris puff up golden. Wholesomeness packed with care

## Retail Packs

### Gold Sapphire Daliya

Made from the finest wheat, Gold Sapphire Daliya is rich in fiber and protein. Easy to cook and versatile, it's perfect for porridge, upma, or khichdi—bringing health and taste to every meal

### Gold Sapphire Rawa (1/2 kg | 1 kg)

Made from select wheat, Gold Sapphire Rawa has a soft, grainy texture and natural golden freshness. Perfect for idlis, upma, kesari bath, and traditional sweets. Packed with care to preserve its aroma and purity.

## Industrial Packs

### Gold Sapphire ultra fine besan (½ kg, 1 kg, 30 kg, and 40 kg)

Made from 100% pure chana dal, Gold Sapphire Superfine Besan is smooth, delicate, and aromatic. Specially crafted for traditional sweets and desserts, it gives laddoos, halwas, and light batters the perfect texture and consistency. Available in ½ kg, 1 kg, 30 kg, and 40 kg packs, it ensures purity, protein-rich nutrition, and consistent taste in every recipe.

### Gold Sapphire Coarse Besan (½ kg, 1 kg, 30 kg, and 40 kg)

Gold Sapphire Coarse Besan is rustic, textured, and freshly milled to enhance the flavor and crunch of your favorite snacks. Ideal for bhajiyas, sev, and namkeens, it delivers authentic taste with every bite. Packed in ½ kg, 1 kg, 30 kg, and 40 kg sizes, this protein-rich variant combines freshness with versatility for every kitchen.

## Industrial Packs

## Gold Sapphire Sortex Wheat

Pure, uniform, and nutritious wheat—100% machine-cleaned, impurity-free, and hygienically packed. Perfect for chapati, bread, biscuits & more.

Available in premium varieties including Sharbati, Lokwan, 1482 Seed, 2851 Seed, and several others—a total of 10 distinctive variants to suit every need.

## Industrial Packs

### GOLD SAPPHIRE HALWAI MAIDA

Gold Sapphire is a multi-purpose premium flour suitable for both baking and halwai preparations. From biscuits, breads, and cakes to mithai and savouries, it performs equally well across recipes. It delivers good volume, rich taste, and reliable results, making it a dependable choice for bakeries and halwais alike.

### BIKANER HALWAI MAIDA

Specially crafted for the halwai community, this is an ultra-premium maida made for kachori, samosa, and other traditional snacks. Its fine smoothness and light texture give perfect crispness on the outside and softness inside. Bikaner Halwai Maida is trusted by experts who want their preparations to carry that authentic touch of quality and consistency.

## Industrial Packs

## WHITE GOLD MAIDA (45 KG | 50 KG)

The professional's choice. Brilliant whiteness, silky smooth texture, and reliable consistency make White Gold Maida ideal for bakeries, restaurants, and food manufacturers. Trusted quality at scale.

## Industrial Packs

### KANHIYA SOOJI (45 KG | 50 KG)

Premium bulk semolina crafted for sweet manufacturers, namkeen makers, and industrial kitchens. Consistent texture, natural aroma, and reliable results – authentic taste, batch after batch.

### KANHIYA RAWA (45 KG | 50 KG)

Trusted by bulk buyers, Kanhiya Rawa offers uniform grain size and fresh aroma, making it the preferred choice for large-scale sweets, namkeens, and traditional processing

## **GOLD SAPHIRE CHOKAR SUPERFINE (20 KG | 25 KG | 30 KG)**

Finely milled and rich in fiber, this Superfine Chokar is specially crafted for cattle feed and poultry feed formulations. Its easy blendability makes it ideal for creating balanced, high-fiber feed mixes.
